## Garriga Leads Raid On Bay St. Louis Still

Lathon Garriga directs destruction of 24 barrel still located last Thursday house at the intersection of Third and Ramoneda Streets in Bay St. Louis.

Thursday November 7, Bay St. Louis Police Chief Lathon Garriga led a raid with special investigator Woodrow Preston of the Alcohol and Tobacco Tax Department and the Mississippi State ABC Agents, on a moonshine distillery.

The distillery was located in the rear of a vacant house north of Third and at the in-

tersection of Ramoneda Street in Bay St. Louis.

Officers seized and destroyed one (65) gallon drum pot still that was set up about 10 yards back of the vacant house in a concealed area of trees and bushes.

Destruction was accomplished by the use of axes, as

the area was too heavily populated to dynamite the equipment.

The still consisted of 1,250 gallons of sugar rye mash contained in twenty-five (25) fifty-five (55) gallon fermented drums and nine gallons of liquor contained in gallon glass jugs with no stamps affixed. Various other items were also found in the surrounding area. Water was supplied for the

operation by an underground pipeline connected to the nearby vacant house on the property.

As reported by investigating officers, this still was very cleanly operated, taking possibly two persons to run.

As of yesterday morning, the investigation has not led to individuals involved in this operation.

## City School Board Proposes Dec. 10 Bond Election

Monday night the Bay St. Louis Municipal School Board held a meeting at the office of J. D. McCullough, superintendent of education.

Minutes of the last meeting were approved by the board. The claim docket for the month of October was approved by the board, that was in 100 percent attendance.

A motion was made by Frank Wheat and seconded by Bill Breland on a resolution to ask the City of Bay St. Louis for a new bond proposal of \$475,000 to be placed before the people for approval on Tuesday De-

cember 10th of this year.

This new bond proposal would include the following:

1. Erecting and equipping an elementary school for Wave-

land Attendance Center and purchasing land therefore.

2. Repairing, equipping and remodeling the Bay Junior High School building.

3. Construction and installation of a dressing room for athletes, construction and installation of a public rest room

## Christmas Bazaar At Dielman Center

Christ Episcopal Church will hold its fifth annual bazaar, traditionally called Christmas Around the World, November 19 and 20 at Dielman Center, Waveland.

Doors will open at 5 p.m., when six booths will offer for sale a glittering assortment of wares. Home baked cakes, pies; toys and games, Christmas and table decorations; stationery and books. There will also be the handwork booth with fancy aprons, tablecloths, and hand knit sweaters for those interested in starting or completing their Christmas shopping.

White elephants will be looking for new homes. A new feature, which should appeal to all, is the Postoffice booth, which will sell packages from friends all over the country. The contents will not be known until purchased and opened.

Items received from such political figures as President Johnson, Vice-President Humphrey, Senators, Dirksen, Javito and Rockefeller will be auctioned during the dinner hour Tuesday and luncheon hour Wednesday. Packages from Art Linkletter, Carol Burnett, the Al Hirt, Jan Carr, to name a few; will go to the highest bidder. Mrs. Dix Ashman is chairman of the event; Mrs. H.M. Kofo, treasurer; Mrs. Charles Johnson, tickets; Mrs. Paul Vogao, publicity and Mrs. John Dougher will be in charge

of decorating the center.

Other chairmen include Mesdames Walter Dupiquer, luncheon; J.W. Watts Jr., dinner; Walter Rauch, sweet booth; Fred Hoagland, handwork; Alvin Moore, stationery and books; James Dougher, toys; Reed Frisbie, white elephants; Wallace Bontemps, Christmas and table decorations and Mrs. Terrence Feeney, postoffice booth.

## Rev. Bauer Dies In Car Accident

The Rev. William C. Bauer, S.V.D., 62, a Divine Word Missionary and member of the faculty at Divine Word College, Epworth, Iowa, was fatally injured near Elkhorn, Wisconsin, Wednesday evening, November 6. Father Bauer accompanied by two other Divine Word Missionary priests was driving to Divine Word Seminary, East Troy, Wisconsin, from the College at Epworth when their car was struck by another automobile.

Father Bauer died as he was being rushed by ambulance to the Lakeside Hospital at Elkhorn. The two other priests suffered minor injuries.

His body will lie in state at Divine Word Seminary chapel, Techy, Illinois, from Thursday evening until Saturday morning, November 9, when a consecrated mass will be sung for him at 10:30 a.m. He will be buried in St. Mary's Cemetery at Techy.

## Fishing Rodeo Ball Set at St. Joseph

If Club Lodge guests glanced through the big glass windows of the banquet hall last Saturday afternoon they were no doubt charmed by the gathering of lovely girls engaged in enthusiastic conversation. These young ladies, all high school seniors of Hancock County, were selected for outstanding qualities of intelligence, poise, and personality, to be princesses of the coming Hancock County Fishing Rodeo.

The festivities will begin with a Grand Ball on the evening of Saturday, November 23, 1968, at which time the princesses will be crowned. The following day a barbeque party will honor the court and their escorts. The fishing competition will start on November 24 and close at noon on December 1st. At this time the presentation of awards will begin at the official weigh station at the new West Hancock County Harbor and Industrial Area.

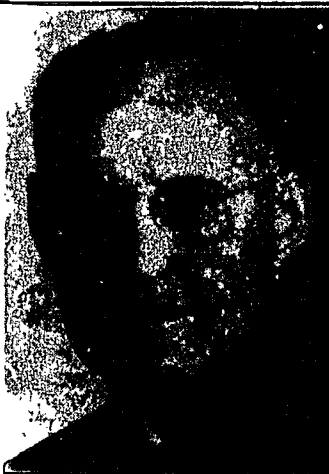

Mr. and Mrs. A. B. Allen, Pearlinton, co-chairmen of the court committee, presided over Saturday's meeting assisted by Mrs. Percy Gaudin, also of Pearlinton. Mr. Allen announced that the ball is planned as a gala event to be shared by all residents of the county. Anyone wishing tickets may contact Mr. Allen or any princess or member of the fishing rodeo organization.

As plans for the ball and decorations and costumes were discussed, all present agreed the evening promises to be one of the loveliest events of the early and winter holiday season. The presentation of the court will begin at 8:00 P.M., followed by an evening of dancing to the music of a well known New Orleans dance band.

## OUR OPINION

### THIS MAY BE YOUR LAST CHANCE STUDY THE FACTS

Another opportunity to support our education system is scheduled for December 10 of this year. The \$425,000 school bond proposal that was defeated by a margin of only 21 votes on October 28th of this year, will be again placed before the people with some changes.

The enthusiastic interested civic minded groups have shown since October 29, has given birth to a new bond proposal of \$475,000 for the following: erecting an elementary school in Waveland, completing needed repair and remodeling work at Bay Junior High, construction of a dressing room for athletes, construction and installation of public rest room facilities at Bay High athletic field.

This much needed money for all of these facilities must not be denied the children of our community.

If we are going to keep pace with other school systems across the state, we need to move forward now - These things attract people to our community, increase profits to local businesses, and increase property values within the community.

Anytime a group of dedicated people get together in support of a program, such as did 75 persons last Thursday night at Bay High to discuss a program of community welfare - you have a good cross section of the community.

Rarely do groups such as the Chamber of Commerce, Rotary, and other civic groups combine in an effort to combat a major community problem as did those present last week at an open meeting.

Let's all take a second look at the problem we will eventually face if this bond issue fails again. All of us who are interested in progress and growth in this area must join together and pass this one.

Study the facts - talk with school board members, talk with leaders in the community, look at other school systems on the coast - do whatever you feel to learn the facts - then and only then, vote your convictions.

Let's lead the way in educational facilities in Mississippi.

## GUEST EDITORIAL

### AT LEAST HUMPHREY DIDN'T GET IT

Neshoba Countians, in view of the sad results of Tuesday's presidential election, can at least derive some satisfaction out of voting their convictions.

There is further satisfaction in the fact that they helped keep Hubert Horatio Humphrey, a most unacceptable man for the presidency, out of the White House. While we don't like it, we believe Mississippians find Richard Nixon more acceptable than Humpty Dumpty. We base this on the many comments that we have heard to the effect that "I don't like Nixon but I'd rather have him than that so-and-so-and-so Humphrey" we hear.

The effort of George Wallace was evident long before the election, and Nixon was in past successful because he started making the Wallace mistake about law and order and state and local government. If Nixon is smart, he will take the "I don't like Nixon but I'd rather have him than that so-and-so-and-so Humphrey" we hear.

### Report Soon due On T.V. In Chicago By Drew Pearson

It's still confidential, but congressional investigators have prepared a report on the Chicago Democratic convention which is going to make the TV network executives very unhappy.

This, when linked with the current grand jury action against NBC, will be the first time any forthright action has been taken to challenge network domination over the news.

Congressional probes are making their report to the House Commerce Committee after watching TV reruns of the Democratic convention and checking them against available facts. They have found the news so grossly distorted that there has even been private talk of forwarding the final report to the Federal Communications Commission with a recommendation that the license of the network owned TV stations be revoked.

One reason the TV distortions in Chicago are taken so seriously is that they had a tremendous impact on the Presidential election. Hubert Humphrey's standing in the polls plummeted disastrously after Chicago.

The behavior of Mayor Richard Daley's nightstick-wielding police, of course, was largely responsible for the impression given the public. But the televised misrepresentations and exaggerations badly hurt Humphrey and the Democrats.

House investigators found that the TV networks repeatedly played up police violence and strong-arm tactics without showing the provocation. The TV cameras, for example, focused on one altercation inside the convention hall. All the viewers saw was the police manhandling a delegate. They weren't shown earlier scenes of the delegate biting and scratching the police. One officer was so badly bitten that he had to have medical attention.

POLICE PROVOCATION

Again and again, the police were shown on the TV screen swinging their nightsticks. But scenes were omitted of hippies hurling bottles, bricks and human excrement at the police, screaming filthy, four-letter words.

The TV discrimination was equally evident during the convention proceedings. Speeches that presented the Democrats in a good light were interrupted repeatedly to focus on just about every dissident who wanted a little nationwide publicity. There is evidence that TV directors even selected the most unfavorable views and distorted the color to make Humphrey and his supporters look bad.

The House sleuths were also disturbed over the failure of the networks to double-check facts. Raw, unverified reports were funneled to the big-name newscasters who, unwittingly, broadcast the misinformation to the nation.

The TV networks, meanwhile, have obstructed the House investigation with delaying tactics. The investigators are unable to interview witnesses or examine records without haggling endlessly with lawyers.

TV EFFECTS ON YOUTH

They also intend to examine the effect that the TV networks have had in stimulating violence in America. One of television's most eminent producers, Ivan Tors, has reminded his colleagues that many children spend more time before a TV set in their formative years than they later spend in college. He has suggested, therefore, that the television industry share an equal responsibility with the nation's teachers for the development of our youth.

Tors has managed to produce such hit shows as "Flipper," "Daktari" and "Gentle Ben" without fostering bloodshed and brutality. A layman sociologist, he contrasts that aggressive behavior in wild animals is an acquired characteristic. The baby animals learn violence, he says, by observing parental behavior. Baby lions, for example, are not introduced in aggression and treated with affection, will not become aggressive.

Tors believes that human animals similarly learn violence from their elders. Children are virtually brought up on violence today through television-tube feeding. Tors is particularly critical of the Saturday morning cartoons, which package horror and violence for children.

Agreeing with Tors, the National Association for Better Broadcasting has urged recently recommended that parents keep their TV sets turned off on Saturday mornings and boycott the products which sponsor these children's horror hours.

A group of advertising men, led by Bert Sugar, is also crusading inside the advertising industry to reduce violence on TV. They call themselves Advertisingmen for the Deceleration of Violence on TV.

After a careful study of the problem, they recently issued an appeal that "the television industry apply the depth of their common sense to the reduction of sadism, torture, irrelevant violence and news sensationalism and to support a continuing effort to understand the behavioral effects of their medium."

Mrs. S. Santiago

Mrs. Angeles Teresa Santiago, 44, wife of Carlos Santiago, died at 2:30 p.m., Friday, Nov. 8, in Hancock General Hospital after a long illness.

## A Conservative View

by James J. Kilpatrick

It is a sobering measure of the essential sanity of the American press that the worst lunacies of the United Nations are reported at length. This gloomy Tower of Babel is a veritable factory of resolutions, some of them sensible and some of them moonbatic. The prudent custom of copyeditors is to bury the nonsense in three paragraphs back with the used car ads.

This was the case a few weeks ago, when the General Assembly's Trusteeship Committee—which is to say, the General Assembly itself—adopted a remarkable resolution having to do with Rhodesia. The story got very little play in the news. This was a pity, for men and organizations are understood not by their wisdom alone, but by their folly as well.

This was a long resolution, composed of a wily preamble and 16 ringing assertions. It begins with an expression of concern for the "dangerous situation" that obtains in Rhodesia, without bothering to explain that the dangerous situation is the handwork of power-hungry terrorists.

The authors of the resolution were disappointed that economic sanctions, imposed by the Security Council, had failed to produce the "desired result." They were disappointed that Great Britain, which in their view is the "administrative power" for Rhodesia, had failed to put an end to the illegal regime in Rhodesia and to turn the country over to the people of Zimbabwe (as the blacks of Rhodesia would like to be known). Therefore, the committee:

"Affirms the conviction that the only effective way of quelling the rebellion in Southern Rhodesia is through the use of force by the administering power;

"Condemns the failure and the refusal of the government of the United Kingdom... to take effective measures... to bring about the withdrawal of the illegal regime and to transfer power to the people of Zimbabwe;

"Calls upon the government of the United Kingdom to use force in order to put an end to the illegal regime in Southern Rhodesia, and in this regard notes with appreciation the offers by Zambia and the Democratic Republic of the Congo to make available their territories and air space for this purpose; (and)...

"Urges all States, as a matter of urgency, to render all moral and material assistance to the National Liberation Movement of Zimbabwe either directly or through the Organization of African Unity."

In other sections, the resolution of October 30 denounces South Africa and Portugal and demands that economic sanctions be imposed upon them as well. As for Rhodesia, the present drastic and punitive measures should be widened to include "all the measures laid down in Article 41 of the Charter," which is to say, Rhodesia should be denied any communication whatever with the outside world, by air, sea, mail, telephone, telegraph, or other means.

Now, this is an astounding resolution for a body presumably dedicated to keeping peace in the world. It is an appeal to arms, made with apparent indifference to the bloody upheaval that would ensue. In one breath, the resolution acknowledges that Rhodesia's independence is the internal business of Great Britain; in the next, the resolution violates the command of the U.N. Charter that the U.N. shall never interfere in domestic responsibilities.

The committee never says the situation in Rhodesia is "dangerous." It merely says that the United Nations is "convinced" that the only effective way of quelling the rebellion in Southern Rhodesia is through the use of force by the administering power.

The resolution is a masterpiece of hypocrisy and worse. Here at the United Nations, it passes for the solemn wisdom of the world's best hope for peace.

## From Jackson

BY HEER LADNER,  
secretary of state  
Water Transportation  
Facilities

There are also some rivers now being used in varying degrees for transportation of cargo, such as the Yazoo and Sunflower Rivers.

One of Mississippi's big attractions in the development of new and expanded industry is her excellent water transportation facilities, rated as among the best in the nation. Moving goods by water is also one of the state's oldest modes of handling commerce since early territorial settlers found that for years Indians had been maneuvering their canoes up and down the rivers and streams, and around the shores of the Gulf Coast in carrying on their trade.

Today, modern ports and harbors augment the state's natural inland and Gulf Coast waterways. Economic development along the routes has been phenomenal over the past few decades. A look at a map shows that well over three-fourths of the western border of the state is formed by the River for which it is named, with the rest of the western boundary formed by Pearl River. The entire southern border is formed by the Gulf of Mexico. This gives two sides of the state's four borders, or over half the mileage of the total border, lying adjacent to navigable waters. Add to this the number of other waterway and water-revenue development projects underway, and you get an idea of the role water transportation is playing in Mississippi's development.

Three Mississippi cities on the Mississippi River—Greenwood, Vicksburg, and Natchez—have utilized their port and harbor facilities and are doing a booming business. The same is true of three cities along the Gulf Coast—Gulfport, Biloxi and Pascagoula. Latest figures available show the six ports are now handling approximately 17 million tons of water cargo annually, with the total tonnage being on the increase each year.

Letters to the editor

I am sure that the failure of the recent school bond referendum for the construction of a new Waveland Elementary School and the renovation of the Bay Junior High School was as disappointing to you, the members of the School Board and faculty of the Bay St. Louis Municipal Separate School District, as it was for the school children and residents of Waveland. Waveland, as you know, has long lacked a new elementary school and we came very close to getting one on the last referendum. The need for a new Waveland Elementary School is acute and becoming more so each day.

In the last referendum, the total bond issue was less than a handful of votes. Due to the importance of this issue and the school children involved, it is requested by the Waveland Educational Advisory Committee that another bond referendum be held as soon as possible to bring again this issue to the public.

Sincerely yours,  
DAVE L. JOHNSON,  
Chairman Waveland Educational Committee

Mayor Garfield Ladner, Editor, Sea Coast Echo:

Enclosed is my check in the amount of \$10.00. It will be appreciated if you will check the trouble to get this check to the group who I understand are planning to campaign FOR the passage of the School Bond issue which is to be again submitted for approval by the voters on December 10th.

It is indeed unfortunate that we need people should be misled by a group of selfish, self-serving individuals. This group of "agitators" are apparently well organized and efficient.

This being the case it becomes necessary that the public be informed of the truth. I am enclosing a letter to the group who I understand are planning to campaign FOR the passage of the School Bond issue which is to be again submitted for approval by the voters on December 10th.

## Boatmen

Anchor broke around daylight. Mrs. Ortiz said that their only disappointment was that they had to remain in the same spot until brought in around 7 p.m. Monday by Lucien Kipp, Russell Elliott and Buddy Seal aided by Herbert Petrarca and a number of volunteers. The Eitro is equipped with

ship-to-shore radio, television, ample heat and the Ortiz' had an abundant food supply aboard.

Not so fortunate were a Dr. Morris and J.P. Davis of Gulfport, who were brought in by Kidd, Elliott, Alfred Caspell and Game Warden Pat Toomey.

Last year the Hancock County Fishing Rodeo attracted approximately a thousand participants. The rodeo committee, now busily engaged in the distribution of posters, tickets, and doubloons, expect this year's rodeo to be an even greater success.

ordained to the priesthood there in 1933.

Following ordination, Father Bauer was assigned to the Society's seminary at Bay St. Louis, Mississippi, where he served as a professor for two years and as a professor and treasurer for another five years. From Bay St. Louis he was transferred to Divine Word Seminary, East Troy, Wisconsin, serving as Rector there for six years. In 1946 he was transferred to the Society's national headquarters at Tochny, Illinois, where he served as business manager for two years. He was appointed Provincial superior of the Society's southern province at Bay St. Louis in 1948, serving in that capacity for a six year period before resuming the Rector's duties for a second time at East Troy. He was assigned to the Perryburg, Ohio seminary in 1958, serving as its treasurer until August, 1968, when he became a member of the faculty at Divine Word College, Epworth, Iowa.

Immediate survivors include three brothers and one sister: John and Joseph, Galena; Albert, Dubuque, Iowa; and Mrs. Loren Strawn, Iowa. Father Bauer's nephew, Rev. Nicholas Strawn, S.V.D., also, a Divine Word missionary, is stationed in Indonesia.

facilities at the Bay High athletic field.

It was the opinion of the Board of Trustees that the sum of \$475,000 should be raised by a general bond issue of the school district. Under chapter 231 of the Laws of Mississippi this request to issue negotiable bonds could be done.

Members of the board all felt this would be the next action in order to get the needed funds to get the proper and needed facilities for the school system.

The bond proposal for \$425,000 that was defeated October 28th, was similar to

this new bond proposal. It had an additional \$50,000 will be used in with this one to get the needed facilities for the Bay High athletic field.

Public sentiment for a new bond proposal has been so strong according to J.D. McCullough, that a stronger campaign will be given to this matter at this time.

According to McCullough about 75 interested persons gathered at the Bay High Cafeteria last Thursday night to openly discuss problems needed by the school system.

# North Central Defeat

## Eagles 34-6

Robert Jackson, who finished with a 3-0 record, led the Eagles of St. John to a 34-6 victory over the Hawks of North Central in the first game of the season. Jackson, who was quickly headed, St. John is now 3-0.

St. John appeared to come alive to start the contest as they took the opening kickoff and marched 76 yards in 12 plays. Fullback Doug Wehrman clinched the drive with a three-yard run over center for the touchdown, but the extra point attempt failed.

Robert Jackson took the kickoff and ran 95 yards for a touchdown. J.W. Rawls carried the ball over on a run for the extra point.

Later in the first period, quarterback Dennis Peterson handed off to Jackson who slanted off tackle for 30 yards and another Hancock touchdown. A pass from Peterson to tailback Gilbert James was good for the extra point and a 14-6 lead.

In the second quarter Jackson was on the receiving end of a Peterson pass which carried for 65 yards and a score. The conversion attempt failed, but the Hawks led 20-6 at halftime. James tallied the lone score for the Hawks in the third period as he cracked over from one-yard out and Jackson ran in for the extra point and a 27-6 Hancock North Central lead.

In the final period Jackson scored again on a 65-yard run. Clyde Moran passed for the extra point to Peterson for the final score of 34-6.

## Junior High Tigers Season Closes with 5-2-1 Record

Jr. Tigers ended their season with a 5-2-1 season. Before the Tigers lost to Ocean Springs they had downed St. Stanislaus, 21-7, North Central, 39-0, and Notre Dame 40-0; Ocean Springs defeated the Junior Tigers 25-6 after a hard fought game.

The Junior Greyhounds got two quick scores early in the first quarter on two Jr. Tiger's fumbles. The Tigers controlled the game the rest of the half. A Blaise to Ishem pass for a 12-yd. touchdown ended the half 12-6. The third quarter was scoreless but the Jr. Greyhounds got two scores in the final to defeat the Jr. Tigers 25-6.

### Powerhouse Teams Invade Bucs of ABA

The New Orleans Buccaneers are bracing themselves for consecutive invasions of three ABA Eastern Division powers within the next seven days.

This Friday night, Nov. 15, the Miami Floridians invade Loyola Fieldhouse for their first New Orleans appearance. Next week, the Bucs host the surprising Kentucky Colonels Tuesday night and the talented Indiana Pacers Thursday night.

The Bucs will be out Friday to avenge a 123-109 loss to the Floridians in Miami last week. To knock off the Floridians, the Bucs will have to break a two-year spell cast over them by the transplanted Minnesota team. Last season Minnesota enjoyed a 5-1 series edge over the Bucs and the hex continued after the Muskies moved to Miami. The Floridians then defeated the Bucs three straight in pre-

season play and overcame a 15-point New Orleans lead in the third period to take the regular season opener. Les Hunter, 6-8 forward from Loyola of Chicago, led the Miami assault that outscored the Bucs, 38-19, in the fourth period. Hunter wound up with 33 points. Kentucky, presently in second place in the Eastern Division, features hot-shooting guards Darel Carrier and Louie Dampier. Carrier is presently the ABA's No. 2 scorer and leads the league in three-pointers.

Indiana, strengthened by the addition of former Minnesota star Mel Daniels, 6-9 former All-American at New Mexico, has experienced difficulty getting untracked this season. The Pacers were picked to finish second in the East and the experts still believe they will. As an added feature, the Thursday night game with Indiana has been designated "Playboy Bunny Night." A team of bunnies from the New Orleans Playboy Club will play a team composed of New Orleans radio and TV sportscasters in a 7:30 preliminary and at half-time.

Backcourt bombers James and Steve Jones have led the Bucs' early season attack, averaging a combined 46 points. The other three starters, center Red Robbins and forwards Jack Moreland and Ron Franz, have also been averaging in double figures, giving the Bucs a well balanced offense.

Rookie reserves Mike Butler, Glynn Sauters, Jasper Wilson and Lee Davis are coming along fast and are supplying additional bench strength along with second-year men Maribert Pradd and Gerald Govan.

Tickets to all Buccaneers home games are on sale in advance at all Schwann Stores, Docky Chase Restaurant and Werlein's on Canal St., New Orleans.

## European tour, Studies Sponsored by Ole Miss

The University of Mississippi Department of Modern Languages will sponsor for the 11th year a European Tour and Summer Studies Program in Austria and Spain.

According to Dr. William E. Strickland, chairman of Modern Languages, participants will enjoy a three week tour of seven countries before beginning summer classes in Spanish at the University of Bilbao, Spain, or German studies at the International Salzburg Summer School in Austria.

"December 11 is the deadline for students at other schools or for other persons who may wish to take advantage of the group flight to Europe," Dr. Strickland said. "The group flight will cost \$331 round trip if the group numbers 25 to 49 persons, or \$265 if the group numbers 50 persons or more. We have every reason to believe the group will number 50 people," Dr. Strickland said.

Dr. William E. Eickhorst, professor of Modern Languages, will direct the tour and study programs. The tour will include Fontainebleau,

classified as a comedy with an undertone of suspense, but as a suspenseful drama with overtones of barracks humor. Playing again this weekend on November 15 and 16, Stalag 17 provides a strong finish to a remarkably successful 1968 season at the Little Theater.

Castles on the Loire, Chartres, Versailles, Paris, Canterbury, London, Windsor, Oxford, Stratford, Bruges, Brussels, Amsterdam, Cologne, Wiesbaden, Heidelberg, the Black Forest, Rhein Falls, Zurich, Lucerne, the Swiss lakes, St. Gothard Pass, Lugano, Milan, Florence and Rome. Classes at Bilbao and Salzburg begin on July 2 and end on Aug. 13. Cost of the total program is about \$1,000.

"The group will fly Air France from New York on June 11 with the French Study Group and will return from Paris with this group on Aug. 20," Dr. Eickhorst said.

He said off-campus persons should send a \$8 registration fee by Dec. 11 to the Department of Modern Languages to take advantage of the group flight rate.

Students completing studies during the program will receive six semester hours of course credit.

MRS. FRANK C. HEUMANN AND LAMAR-LANE SALESMAN J.C. KOENEN STAND BY MRS. HEUMANN'S NEW CHEVROLET.

We have lived in Bay St. Louis for seven years and Mr. Heumann is retired. We were most pleased with the courtesy shown us by Lamar-Lane salesman J. C. Koepf, who was most helpful in helping us select our new car. We also feel that J. C. saved us money and being retired, we certainly appreciate that.

We highly recommend Lamar-Lane Chevrolet, Inc. MR. AND MRS. FRANK C. HEUMANN Bay St. Louis. A GERRY LANE ENTERPRISE, adv.)

## PROCLAMATION

WHEREAS, The quality of life in our nation's future will be determined largely by the direction given to and the character developed by today's youth; and WHEREAS, Our nation's schools play a paramount role in defining that direction and shaping that character by endeavoring to--

Offer pupils the opportunity to learn and practice society's values, direct intellectual development toward recognizing, making, and evaluating choices, and consider the curriculum in terms of its total impact on the value development of children;

Recognize the needs of a complex society, view education in terms of national goals, encourage international understanding, and foster divergent and creative thinking as a means of improving society;

Encourage the teaching of children as individuals and employ only teachers with the preparation and personal qualities necessary for effective teaching;

Offer each child a meaningful education suited to his individual needs regardless of the child's ability level, geographic location, or socioeconomic status;

Stimulate continuing inquiry, with emphasis placed on the value of learning for its own rewards, and provide opportunities for a broad general education;

Contribute to economic progress by providing early and realistic career counseling, educating all students to the full extent of their abilities, and maintaining a vocational educational program of the highest quality;

Enhance the human quality of students by helping them discover and develop their abilities and live contentedly within their limits, advocate constructive attitudes toward leisure interests, and encourage both adaptability to change and action to direct change in ways beneficial to humanity; and

WHEREAS, In the achievement of these endeavors lies the happiness and well-being of the individual as well as that of society as a whole; and

WHEREAS, One of the primary duties of an enlightened citizenry must, therefore, be knowledge of, interest in, and responsibility for the quality of our schools. Now, therefore, I, John A. Scafide of Bay St. Louis, Miss., do hereby designate November 10-16, 1968, to be American Education Week and urge all citizens to examine more closely the existing and projected programs of our schools, as well as their own efforts to ensure the highest quality education for all.

# OF SOCIAL INTEREST

HAVING SPENT CHILDHOOD years in Nashville which just happens to be the capital of Tennessee, we sort of had in mind that once you've seen a state capitol literally thousands of times, you've seen just about all you'll ever need to see. One brief visit to the monstrosity in Baton Rouge was quite enough to confirm that opinion! However, in recent months we've had more and more reports from those who read and obeyed some of the Tour Mississippi First news releases and returned from all over the state saying that they had the best vacation ever. A number came home raving about a building to which some referred as 'the museum', others as the capitol.

MIGHT AS WELL admit right now that, having never studied Mississippi history, we didn't know that there two large domed buildings, known as the old and new capitols in Jackson. We had visited the 'new capitol' several times, but always on flying visits and due to its traditional style of architecture, just assumed that it was the one and only such building. On a business trip to Jackson, which we turned into a combination pleasure trip last week, we unwittingly strolled into the building that was the capitol, but is now a beautifully domed museum boasting pictures, artifacts and the like covering the entire history of the state as one goes from room to room. Frankly, we were impressed, so much so that we forgot the time, taking a free quickie course and completely missed three hours of an ad clinic, but felt that as long as we were learning something, we weren't really wasting the hours. We won't go into further detail except to say that everyone living in this state who hasn't visited the museum or old capitol, call it anything you wish, should do so at the first opportunity. There are many other attractions in Jackson including one of the most interesting, attractive and most completely stocked zoos we've ever seen. We realize that it's a long one day trip, but it's not a bad drive with four lane highways all the way except for one short stretch, and we guarantee both children and adults will consider it a day well spent.

TOO, IT'LL GIVE YOU the opportunity to tell all the friendly people you meet what they're missing by not visiting Hancock County!

LOCAL UNITED FUND workers joined their Combined Agencies workers at Mississippi Test Facility for their Dutch Treat Victory Luncheon last Tuesday. A delicious buffet was served in the D and E executive dining room and some from Hancock County celebrating the successful campaign included Mae Beyer, Lois (Mrs. James) Ryan, Msgr. James O. Hannon, Rev. John T. Dearing and Jay Howe, the 1968 local chairman.

Betty Harville was radiant in an ecru lace frock with pink flowers and accessories, when she and Joe Coburn, Chief Petty Officer, retired, were quietly wed in the presence of a few close friends at the Victoria St. home of her parents, Mr. and Mrs. J.D. Green. Her brother-in-law Bill Olson was best man and her niece Linda Perdue, maid of honor. Rev. John T. Dearing performed the ceremony before an elaborate arrangement of pink and white blossoms. Mona (Mrs. John) Duchkar help serve the rose adorned white wedding cake which was just as good as it was beautiful. Some of the guests enjoying cake, punch and finger sandwiches were Mona's husband John, Vonnell and Cornelius Ladner, Lorretta Mary, Lois and Ed Morgan and Les (Mrs. Gene) Bullock. And as we've mentioned Gene, we'll send him a get well wish now--he's a patient in Hancock General Hospital where his wife is the very competent dietician.

THINGS HAVE BEEN a little quiet, but as always around this area, they won't be for long. Two big balls are upcoming on Nov. 23.

THIRTEEN PRINCESSES have been selected to participate in the first annual Pearlington Deep Sea Fishing Rodeo ball to be held at St. Joseph Academy auditorium on that night. The luckiest of their number will reign as queen by virtue of "catching the fish" with the word queen engraved upon it. An eight piece orchestra, The Skyliners, will play during coronation ceremonies and for general dancing afterward. Tickets are now on sale at \$2.

PRINCE CHARMING will be chosen from a number of outstanding local men whose names have been submitted for the honor of fitting Cinderella's slipper at the second annual ball sponsored by Bay-Waveland Junior Auxiliary, also on Nov. 23. It's to be held at Bay Waveland Yacht Club and the \$25. per couple donation for the charity affair will include all expenses -- and that means all beverages, so don't bother to BYOB. Once again the door prize will be a lovely fur stole. Shirley (Mrs. Gene) Williams is general chairman; Lila Jean (Mrs. Waldo) Dearing, finance chairman and Lois (Mrs. Ed) Morgan is capably handling publicity.

DOT MAYFIELD writes from Las Vegas that she and husband Jim will go on to San Francisco when they've cleaned up (or been cleaned out) in the fabled Nevada City.

DEC ELLIOTT, our fishing and hunting editor, cut his 30th cake again on Saturday, Nov. 9. Also, birthday wishes go to Gene Davis, who will be 80 years young, Nov. 13.

MISS LANA TAYLOR (photo by Ed Fayard Jr.)

**Lana Taylor, Alan Noonan To Wed**

Mrs. W. W. Taylor announces the engagement and approaching marriage of her daughter Lana Jean of Bay St. Louis to Alan P. Noonan, son of Mrs. Gladys Noonan of Waveland and the late Richard Noonan of New Orleans.

The marriage will be quietly solemnized at 7:30 p.m., Friday, Dec. 27, at Our Lady of the Gulf Catholic Church.

Miss Taylor has chosen Mrs. Mickey Cooksey as her matron of honor. Richard Noonan, Jr. will be his brother's best man.

Miss Taylor and her fiancé are both graduates of Bay High School. She is employed at Club Lodge Beauty Salon. He is a consultant engineer with IBM in Gulfport.

## Perniciaro Baby Baptised Sunday

Martha Wayne Perniciaro, infant son of Mr. and Mrs. N.A. Perniciaro, was baptised Sunday afternoon in Our Lady of the Gulf Catholic Church with Rev. Richard Somers officiating. Godparents were a paternal uncle and aunt, Mr. and Mrs. Henry Fullilano.

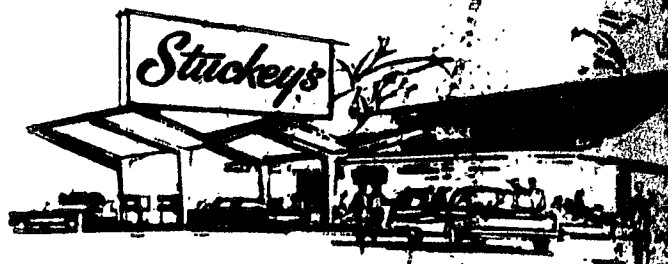

A dinner and reception for members of the family was held at the Perniciaro home after the ceremony.

MR. PAUL J. WILLIAMS IS SHOWN TAKING DELIVERY OF THE SECOND CAR HE HAS PURCHASED FROM LAMAR-LANE SALESMAN JOE PALAZZO WITHIN FOUR MONTHS.

I have lived in Bay St. Louis for 32 years and worked here for the past 30 years. This is the third used car I've purchased at this dealership within 18 months - As I've been so satisfied with the deals I've received I just never bother looking anywhere else before I buy.

PAUL J. WILLIAMS  
(A GERRY LANE ENTERPRISE, adv.) Bay St. Louis

DEDICATED FANS Richie Cuevas; Sammy Cuevas and Mrs. Cuevas brave downpour to watch action in recent football game.

## Polly peers

(Cont. from Page 2-A.)

a good looking new gold and black automobile. MYRTLE AND BILL OLSON are sporting an equally good looking blue model.

BOBBIE AND HENRY MAGGIO and your reporter don't have new cars, but we do have shiny new paint jobs.

GOOD NEWS - Our Waveland Notes correspondent Cecile (Dick) Turcotte has consented to again supply us with news of doings in her area. She'll appreciate phone calls from readers who have done anything worthy of mention. Her phone number is 467-4659. Or, if you prefer, parents of Waveland School children may send notes to her via their offspring.

INCIDENTALLY Dick was the first and only one to come up with the name of the author of the poem printed in the column last week, although Dagman (Mrs. Barney) Farrelly called to let us know that he was a Huguenot poet. His name was Etienne De Grellet. Thank you very much for your assistance.

A VERY SPECIAL get well wish goes to Juanita Erwin, who is much missed by her Bay-Senior High home economics students, although they say Coach Lance Lumpkin is making an excellent substitute. She's undergoing treatment for pneumonia. Also get well wishes go to Louise (Mrs. Spencer) who has been hospitalized for several weeks.

We'll bid Margie Ann and Joe Church and family a reluctant farewell—they've moved to a new home just outside of Baton Rouge. Lewis (Butch) Kempf drove down from Jackson in his brand new car for a weekend visit with his mother Margie McCutcheon, her husband Mac, and Lewis' younger brother Jimmy.

MRS. JOHN F. MC-ELLIGOTT wrote a very nice letter also identifying Stephen (Etienne in French) Grellet as the author of last week's poem. She did a bit of research and found the information in a copy of Tony Ware's Scrapbook and for this we're very grateful. It's also good to know that we have some North County readers and we would very much like to have more news of residents of that area.

ANOTHER WHOSE handwriting is more than vaguely familiar signing her name as A. Nonnie Muss—haha! erred in stating that A. B. Hegman was the writer, but we appreciate the effort.

SHIRLEY RICHARDSON tossed a party which was reported to be a real swinger on husband Joe's birthday, Sunday, Nov. 2. The affair was held at the Flamingo and some of the guests Nora and Roy Knight, Harry Henning and Bobby Perkins, took turns furnishing musical entertainment. Some others present were Georgia

Meloyne, Viola Partles, and Roy Garwood, Mrs. and Leroy McCallie, Mary and Jerry Lachar, Summa and Leigh Upchurch, Shirlee and Arch Whitlow, Lady and Ross Pearson, Scottie and Buck Creel, Dora and Marvin Padgett, Bobbie and Johnny Cartwright, Myrtis McCardle, Pete Hardwick, Ben Miller, Joe Barbo and Mike De Lanno.

CHRISTMAS AROUND THE WORLD, Christ Episcopal's annual holiday bazaar sounds like a n' ideal way to begin Yuletide shopping. Each booth will offer a different variety of gifts and some which will be one-of-a-kind items, such as those which have been sent by former residents especially for the bazaar. Among contributors are Sally and Hap Christensen, who are now in Japan; Pat Thompson, Texas; the Bill Ellises, California; and Lee and Chuck LeCroy, Arkansas.

SO SORRY to hear that recent bridegroom Tommy Benigno had major surgery in Hancock General Hospital.

JANE (MRS. BREWSTER) Mollere has also been under the weather with an inner ear infection.

VETERANS DAY ceremonies were as usual impressive, but a bit more brief than usual due to the bitterly cold winds. Two familiar faces, those of Russell Elliott and Lucien Kidd, were missing. Neither has ever before missed this event since its beginning in '58, but were on an even chiller mission -- they were directing the rescue of Grace and Ed Orbe from the yacht Ekro which was grounded in 60 MPH winds the night before.

STALAG 17 brought rave reviews and fresh praise for the director Caroline Klefer and her all male cast. Charles Tibbitts, who was transferred to Schenectady, N.Y. the week of the play, flew back to the Bay both weekends to continue in his role. Bunny and the children will leave to join him on Nov. 17--we'll all miss this family.

MR. AND MRS. DANIEL B. Haggerty, Jr. (she formerly Janet Roberts of Long Beach, Cal.) became parents of their first child, a daughter Colleen Margaret on Nov. 4. Colleen was born in Mercy Hospital weighing eight pounds, five ounces and is the second grandchild of Mr. and Mrs. Haggerty Sr. Mrs. Haggerty was June Elliott, Colleen also has a new cousin, Michael Haggerty, Jr. and both are great-grandchildren of Mr. and Mrs. L.S. (Dec) Elliott of Bay St. Louis. Another great-grandchild of the Elliotts, Louis Enterente, Jr., was recently baptised in the Crescent City.

The big western barbecue and dance which proved such a success last year at Bay-Waveland Yacht Club will have a repeat performance Saturday night. Dinner prepared under direction of that gourmet chef John Humphreys will be served beginning at 7 p.m.

Carol (Mrs. John) Hansel deserves much credit for success of St. Clare's Home School Association fashion show--she was Melody (Mrs. Charles) Cunningham's co-chairman.

Bea (Mrs. George) Georgi returned from a Monday night private showing of the 50th Century Fox production of Star, raving about the beauty of the picture. She and her guests, Thelma and Eddie Jones all vow that it's a movie no one should miss.

Newly elected officers of World War I auxiliary are Pauline Charing, president; Violette Arceneaux, senior vice-president; Lou Wilkerson, junior vice-president; Ella Mae Mercier, treasurer; Leola Harvey, chaplain; Elda Duke, conductress; Sara Thorning, guard and Louise Markey, trustee. Refreshments were served following the Oct. 24, meeting.

ANIMAL NOTES - Don't know why, but we're wondering what ever happened to that rash of kittens we had up for adoption in mid-September. We'd like to know who now owns those housebroken little Siamese wonders???

SIXTY AND SOUNDS ALONG THE WAY - Pretty, blue-skinned majorettes marching briskly in the Veterans Day Parade; the 'stable' of gaily colored bicycles patiently parked outside of local schools; the barren beach appearing to extend right out into the Gulf of Mexico and the sound of wind whipped leaves spanking windows and roofs as they fall faster and faster daily.

## Baptised In New Orleans

Anthony Louis Enterente III, infant son of Mr. and Mrs. Enterente Jr. - nee Carolyn Lucille Grevenberg; received the Sacrament of baptism on Sunday October 13th in The Holy Name of Jesus Catholic Church in New Orleans with the Rev. Father B. Carter S.J., officiating.

Cogenerents are Mrs. Morris M. Daniels, Jr. and Mr. Frank Carrara, Jr. In the absence of Mr. Carrara, who is serving a tour of duty in Vietnam, Mrs. Carrara stood by proxy.

Anthony III, and his sister Melinda are the grandchildren of Mr. and Mrs. Robert Grevenberg and Mr. and Mrs. A. L. Enterente Sr. and great grandchildren of Mrs. Gertrude Grevenberg of New Orleans, La. and Mr. and Mrs. L.S. (Dec) Elliott of Bay St. Louis, respectively.

A very happy birthday wish is on the way to Loretta Bourgeois, who celebrated her 11th at a party at her Waveland home on Tuesday, Nov. 12.

with the "works in a drawer"!

The works: 10 tubeless plug-in mini-circuits for solid-state dependability, and fast, at-home service.

Quasar provides years of dependable solid-state performance. Quasar's components are all solid-state, except the rectifier and picture tube. Since they are solid-state, they are designed to keep on working without burning themselves out.

Quasar is built for fast, at-home service. If a mini-circuit should ever fail, a serviceman can replace it in your home, in minutes, not in the repair shop. It's that easy!

Quasar has automatic fine tuning with AFC electronic picture lock. Just set it once--AFC keeps the picture fine tuned as you change from channel to channel.

Quasar has a cabinet by Drexel. Drexel styling by Drexel makes this set look good with the picture turned off. Cabinet is crafted from walnut veneers and pecan solids with Drexel paragon walnut finish. Many other Drexel cabinet styles are available.

OLD HOMECOMING QUEEN Nelson Ducomb is crowned by Rev. Richard Somers as Beth Chevis, runner-up, looks on.

Mmes. Seal McDonald Open House Hostesses

Plans were formulated last Friday afternoon by a group of civic-minded Bay St. Louis residents to stimulate interest in the City-County Memorial Library by presenting to the general public a display of rare books, objects of art and paintings of local artists in an open house affair December 7 and 8 at Yasume, the century-old home of Col. and Mrs. Nunez C. Pileat, 1524 North Beach.

At the meeting Mrs. Watson G. Prindiville accepted chairmanship of a committee delegated to select books for

display, including not only rare volumes, but also representative books available for circulation daily, cook books, current fiction, poetry, reference matter, Americana, arts and children's books illustrated by famous artists.

Mrs. Seal McDonald Sr., co-chairman of the hostess committee, plan to appoint approximately 25 hostesses who will brief visitors concerning materials on display.

Mrs. Lloyd Griffith and her committee will write and furnish hostesses with briefing material. Miss Barbara Gray will be chairman for showing paintings and Mrs. Robert Hamilton will submit invitations through clubs and organizations.

Representing Bay-Walton Garden Club, Mrs. Clarence Evans and Mrs. Joseph V. Varrille will arrange floral exhibits in a decor suited to the various rooms.

All rooms at Yasume will be open. It is hoped that the function, will point out some of the many services and facilities available through the library and to encourage pride in the library as well as to coordinate several facets of our culture.

A book mobile will be located on the grounds to afford visitors an opportunity to see how this unit operates in making books available to shut-ins, people living in remote areas and those hospitalized.

**KANTCHA KETCHUM**  
By L.S. (Doc) Elliott

The two fronts that came through the past week brought colder weather to our section. Regarding fishing, they retarded fresh water fishing a bit but helped salt water casting and trolling. Some nice speckles have been and are being caught up Jordan River. Speckles, Flounders, channel mullets are being caught out from most anywhere.

The colder weather helped squirrel and rabbit hunting. Have heard of some nice kills of both of these animals.

Plenty of geese and ducks are flying over, heading to the hunting grounds out in the marshes. Seems like water fowl hunting will be good this winter. Quite a few marsh hens are being seen along the banks of bayous. Rails and Gallinules, as they are called, are excellent eating but are on the skimpier side as they are mostly all breast.

The second season on doves opens this coming Saturday, Nov. 18th. According to information there are quite a few birds. The colder weather should help this kind of hunting considerably.

Mac Coward told us another fish story. The water has been exceptionally low due to North winds. A school of red fish being scared by his boat ran up on the shore, he captured a few. They would not hit any type of bait, he claimed. This does happen. It was in Johnson Bayou.

Tony Benigno had a bad experience. He speared a big flounder, put it on the stringer. Not holding the string tight, the fish made one tug, then off into deep water, carrying the stringer with it. It is a good idea to tie the stringer to your belt, Tony.

A.K. Martinovich, Sr. and Morris Miller caught some nice speckles while trolling up Jordan River. They were hitting hard, Miller said. Both these men are good fishermen and catch their share of fish.

The Hancock County Fishing Rodeo will be held on November 29, 30 and December 1st, 1968. Headquarters and weighing station will be at West Hancock County Harbor Industrial Area down Mulatto Bayou.

There will be prizes in all categories, and a registration prize. Tickets are on sale at different places or write P.O. Box 174, Pearllington, Miss., 39572. If you like to fish, this is it. A good time is promised everyone participating.

For those who like to play golf, did you know that there are 8 championship and three (par-3) courses located on the Mississippi Gulf Coast that are all expertly maintained in top condition for year round play?

One popular Par-3 golf course is at Biloxi. It is 18 holes, par 3, open day and night, on the Pops Ferry Road. Our old friend Ed Roehm is manager. Try golf for what ails you.

Oris Ladner at Necaise Crossing loves to hunt and fish. He gets his share of fish and game. A swell guy to know, too. It was a pleasure to play golf Sunday with Cary Spence, John David and Boule Blanchard. It was a foursome of old buddies. Pass Christian Isles Golf Course is their hang out.

Bill Breland, Tony Macurik, Larry Breland and Henry Monti, Jr., made a nice catch of fish out in the Louisiana marshes. A good bunch of fishermen and a wonderful place to catch fish.

Two other guys who enjoy hunting and fishing are J.C. Monk and Billy Ladner. When not on the job they work the woods and rivers. It pays off, they claim.

OCEAN SPRINGS tacklers go after ball carrier for Bay High in last Friday nights action at Tiger Stadium. The tacklers were too much for the hidden ball carrier. (Photo by Ed Fayard.)

Horace Farr and Al Vetter with "Boo" Noto have been catching some real speckles by the R.R. Bridge. They catch their own shrimp. Al said it won't be long now before shrimp will be gone. Speckles will hit artificial baits, fellows.

Mr. and Mrs. James L. Norris like to fish. They go quite often and keep their deep freeze full of all kinds.

**SPORTSMAN OF THE WEEK**  
Clois Dedeaux is one of our younger fishermen and hunters. He lived most of his life down on the bayou. Clois learned fishing the hard way and knows his stuff when it comes to catching 'em.

May I print a kiss upon your lips? She nodded her sweet permission. So they went to press and I rather guess, They printed a whole edition -- Beach Products, Inc.

Speckles are running big. Mr. and Mrs. T.W. Davis caught 25 at a grassy point south of Pass Christian, the largest of which weighed in at 5 pounds.

Was sorry to hear of the death of Bernard Farrelly. Mr. Farrelly was originally from Lennox, Mass. He had been at Bay St. Louis a long time. Was manager of the Bay-Waveland Yacht Club and quite a fisherman.

Heard that Joe Comeaux met with an accident, breaking his

*We care where our product is served.*

Beer served in pleasant and wholesome surroundings is the aim of the United States Brewers Association. And we are always striving to do something about it.

The USBA is represented by field men around the country. They meet with proprietors of establishments where beer is sold. They work in every way possible to promote a set of high standards wherever beer is served.

This USBA effort means even more enjoyable places for America's great beverage of moderation.

**Class Announces Success of United Fund Drive**

James Olin, president of Hancock County United Fund, announced the county has exceeded its goal of \$85,735. Of the \$90,000 collected, \$4,623.25 was contributed at the Mississippi Test Facility and the balance in the county.

**Seabees Train Petty Officers**

Officials at the Seabee Central Construction Training Unit established the 100th company of Seabee trainees to enter the naval construction forces as Directly Procured Petty Officers. The company was formed November 4th. It has 63 Seabees now to the naval service.

Company 101 was formed November 8th and is comprised of 62 Seabees. To date, one Seabee is on board for company 102.

The DPPO program, began at the Gulfport Seabee Center, July 1, 1967, and produced 3,295 trained Seabees to the fleet during fiscal year 1968. FY 69 has already turned out 2,351 graduates and expects to graduate an average of 82 each week to reach a total for the year of approximately 4,600.

Each Directly Procured Petty Officer is already a skilled constructionman with more than two years of experience. The more experience he has, the higher the rate at which he is enlisted. The DDPOs come to Gulfport for five weeks of training and are then sent to Mobile Construction Battalions or overseas. One man, out of the more than 5,000 trainees, was sent to a survey ship for duty.

Civilian constructionmen who have not yet fulfilled their military obligation, are urged to investigate the opportunity to join the Seabees as a Petty Officer. Navy recruiters have information on the DPPO program.

**Answers for Veterans**

Q. My son is being discharged from service next month and I want to be sure he keeps his veterans insurance. I regret that I dropped mine after World War II. What does he have to do?

A. Servicemen are now covered up to \$10,000 while on active duty and for 120 days thereafter by Servicemen's Group Life Insurance. Unlike after World War II, however, they cannot keep this insurance as veterans insurance. Instead, within 120 days, after being separated from service they must convert their GI policies to policies with a commercial company. Nearly 800 companies have been approved by the VA to offer converted coverage.

If you son has a service-connected disability, he may also be eligible for \$10,000 special insurance through the VA that can be in addition to or in place of his converted SGLI coverage. He should check with his nearest VA regional office after he gets out of service concerning all of his veterans benefits.

Q. I am a veteran attending college under the G.I. Bill and plan to be married in the near future. Can I claim my wife as a dependent for an increased educational allowance from the Veterans Administration even though she will be working? What documents do I have to submit to VA?

**General Electric Sponsors Course**

Saving of more than \$30,000 in operational and equipment costs have been proposed as a result of a recent Value Engineering course within the General Electric Mississippi Test Support Department, according to Carl L. Graham, new technology and value engineering specialist for GE-MTSD.

The five-day seminar and workshop at the NASA Mississippi Test Facility was conducted by the GE Cost Reduction and Value Engineering (CRAVE) office to train additional personnel in the application of value engineering and analysis techniques. Graduates will be prepared to lead future task forces seeking higher value, cost potential.

Specific problems were assigned the eight course members, who worked in two teams toward their solution. Guest instructor was Lawrence A. Davis of General Electric's Rotary Systems Department at Philadelphia, Pa.

H. Robert J. Connolly, Manager-Planning for the Mississippi Test Support Department, awarded certificate of achievement to course graduates at a CRAVE luncheon. They are Douglas Mowery, Finance, of Pass Christian; Wayne Brill, Technical Services, of Long Beach; Scott Carter, Quality Control, of Bay St. Louis; Art Piper, Installation Operations, of Pass Christian; Bob Delcuz, Shop Support, of Bay St. Louis; Carl Carreca, Design Engineering, of Sillidell, La.; Jack Nathan, Purchasing, and Joe Wortman, Subcontracts, of Sillidell.
